*Beneficiary Member State: Czech Republic*

In accordance with Article 10d(6) of the ETS Directive, the European Investment Bank (the “EIB”) is to confirm whether a proposed investment falls into a priority area. The EIB may confirm the proposal as a priority investment if the conditions specified in Article 6(7) of the Implementing Regulation are met.

The investment proposal concerns a large-scale scheme for the period 2025-2029 relating to electrification of 205 km of existing railway lines in Czechia.

The aim of this investment is to develop zero-emission mobility infrastructure for rolling stocks, shifting from diesel-powered lines to a cleaner, environmentally friendly transportation system.

The scheme is aligned with the objectives of the National Energy and Climate Plan (NECP) for Czechia as it creates possibilities for reduction of CO<sub>2</sub> emissions and energy savings.

#### **4. Conclusions**

The EIB has assessed the investment proposal based on the information submitted by the beneficiary Member State in accordance with Article 4 and Annex 1 of the Implementing Regulation and it has concluded that the investment proposal has met the conditions specified in Article 6(7) of the Implementing Regulation.

In view of the above, and in reliance on the information and evidence provided and the confirmations given by the beneficiary Member State as described in paragraph 3 above, the EIB confirms the proposal “Modernisation of public transport – electrification of railways; priority investments of the Programme “TRANSGov” (Modernization of public transport)” (Modernisation Fund reference number MF 2025-1 CZ 0-002) as a priority investment.
