MODERNISATION FUND

Accelerating the transition to climate neutrality

MODERNISATION FUND

EIB CONFIRMATION OF PRIORITY INVESTMENT

ref. MF 2025-1 CZ 0-008

Beneficiary Member State: Czech Republic

Investment Proposal: Efficiency, energy savings and modernisation of energy sources in residential sector

1. Background

The Modernisation Fund was set up pursuant to Article 10d of Directive 2003/87/EC of the European Parliament and of the Council of 13 October 2003 establishing a system for greenhouse gas emission allowance trading within the Union and amending Council Directive 96/61/EC (the “ETS Directive”).

The legal basis for the operation of the Modernisation Fund is set out in Commission Implementing Regulation (EU) 2020/1001 of 9 July 2020 laying down detailed rules for the application of Directive 2003/87/EC of the European Parliament and of the Council as regards the operation of the Modernisation Fund supporting investments to modernise the energy systems and to improve energy efficiency of certain Member States (the “Implementing Regulation”).

In accordance with Article 10d(6) of the ETS Directive, the European Investment Bank (the “EIB”) is to confirm whether a proposed investment falls into a priority area. The EIB may confirm the proposal as a priority investment if the conditions specified in Article 6(7) of the Implementing Regulation are met.

2. Investment proposal

Pursuant to Article 4(1) of the Implementing Regulation, on 18/02/2025 Czech Republic (the “beneficiary Member State”) submitted to the EIB an investment proposal “Efficiency, energy savings and modernisation of energy sources in residential sector” for which it envisages a contribution from the Modernisation Fund (Modernisation Fund reference number MF 2025-1 CZ 0-008).

The investment proposal concerns a large-scale scheme for the period 2025-2030 relating to energy-saving measures, such as thermal insulation, modernisation of heating system, installation of renewable energy sources in residential buildings.

The support for the improvement of the energy efficiency of the building may be combined with support for climate adaptation and mitigating measures, including investments in green roofs and equipment for the retention and use of rainwater.

The beneficiary Member State has requested funding of EUR 600 000 000 for a first disbursement under the proposed large-scale scheme.

The beneficiary Member State has indicated a total expected Modernisation Fund funding for the investment proposal of EUR 600 000 000.

Investment proposal aims to promote energy efficiency, sustainability, and environmental protection through financial support for the modernisation and renovation of residential buildings.

The scheme is aligned with the objectives of the National Energy and Climate Plan (NECP) for Czech Republic which comprises measures for the renovation of residential buildings to reduce primary energy demand in buildings, for increased use of renewable energy in heating and electricity generation, and to support additional climate adaptation measures (green roofs and rainwater management).

The investment is aligned with the objective of National Energy and Climate Plan (NECP) for the Czech Republic which comprises measures for the renovation of residential buildings to reduce primary energy demand in buildings, for increased use of renewable energy in heating and electricity generation, and to support additional climate adaptation measures (green roofs and rainwater management)..

3. *Compliance with the conditions for a priority investment*

- a) The beneficiary Member State has demonstrated that the investment complies with the requirements laid down in Article 10d(1) of the ETS Directive as it supports the modernisation of the energy system and energy efficiency and it is in line with the objectives and measures set out in its NECP.
- b) According to the information provided by the beneficiary Member State and pursuant to Article 10d(2) Directive 2003/87/EC, the investment is considered as a priority investment as it falls under the priority areas a) the generation and use of electricity from renewable sources, b) heating and cooling from renewable sources, c) the reduction of overall energy use through energy efficiency in buildings, d) energy storage, e) support for low-income households, including in rural and remote areas, to address energy poverty and to modernise their heating systems.
- c) The beneficiary Member State has sufficient funds available from the auctioning of allowances covered by a notification pursuant to Article 10d(4) of Directive 2003/87/EC for the requested disbursement, according to the statement of the available funds referred to in Article 5(1) of the Implementing Regulation, and

after deduction of any amounts to be disbursed for investments already confirmed in accordance with Article 6(9) of the Implementing Regulation.

- d) The beneficiary Member State has provided evidence that the measures under the investment proposal:
 - do not constitute State aid within the meaning of Article 107(1) of the Treaty on the Functioning of the European Union.
- e) The beneficiary Member State has confirmed in writing that the investment complies with any other applicable requirements of Union and national law.
- f) According to the information provided by the beneficiary Member State, the amounts requested from the Modernisation Fund are not intended to cover the same costs of the investment as those financed by another Union or national instrument.
- g) According to the information provided by the beneficiary Member State, the duration of the scheme does not exceed five years.

4. Conclusions

The EIB has assessed the investment proposal based on the information submitted by the beneficiary Member State in accordance with Article 4 and Annex 1 of the Implementing Regulation and it has concluded that the investment proposal has met the conditions specified in Article 6(7) of the Implementing Regulation.

In view of the above, and in reliance on the information and evidence provided and the confirmations given by the beneficiary Member State as described in paragraph 3 above, the EIB confirms the proposal “Efficiency, energy savings and modernisation of energy sources in residential sector” (Modernisation Fund reference number MF 2025-1 CZ 0-008) as a priority investment.

This confirmation is without prejudice to the requirement for a disbursement decision to be made pursuant to Article 10d(3) of the ETS Directive.
